Michael Levey

EDUCATION

University Of North Carolina At Wilmington – *Bachelor of Science: Computer Science*

January 2018 – May 2020 | Wilmington, NC

- Concentration in Statistics

SKILLS

Web Development:

Web development is the type of programming that I am most passionate about. I spend lots of my time studying javascript and popular frameworks/libraries that will make me a valuable addition to any team. I have full-stack development experience, and consider myself able to learn whatever technologies will get the job done.

3D Modeling / Animation / Graphic Design:

I've developed an interest in using 3D software and python scripting to create graphics, animations, logos, and more.

Programming Languages:

Strong skill level using Javascript, GoLang, Python

Medium skill level using Java, C++

Database:

SQL, PostgreSQL, mongoDB

GitHub repository: github.com/MLevey92

EXPERIENCE

School / Personal Projects

- School
 - Neural Network for estimating sun spots, written in Java
 - Database driven web app for keeping track of military tools (php)
